After you create a new account, you will be asked to purchase WebAssign access. If you purchased the textbook from the bookstore, it comes bundled with an "access code" so you do not need to purchase WebAssign separately. If you get the textbook from any other source, it most likely does not come with access to WebAssign. "Multi-term access" will work for Calc 1, Calc 2 and Calc 3.

### ENTER ACCESS CODE

An Access Code is an alpha-numeric code that is either printed on the card that came with your textbook, purchased electronically, or provided by Cengage Learning.

**Examples Include:** Example-RXL XXXX 9999  
X9X9 XX99 or PPJWJN2PP6SL5W

Please enter your code exactly as printed, including spaces.

If your Course Package requires an Access Code you should only have to enter it the first time you launch your course resources.
